

ADOPT-A-STREET PROGRAM

The Adopt-A-Street Program is proving to be very successful in many states across the country. Why? Because it reduces the cost of litter removal and improves the appearance of highway rights of way.

Literally thousands of miles of roadway are being adopted by various community groups and organizations.

This highly visible program allows civic-minded people to make a difference in their community, and provides a sense of ownership within their neighborhood. This is why the City of Casa Grande has chosen to support a similar program called "Adopt-A-Street."
